From The Ceo

Harold Ogbuka
Chief Technology Officer

Today's volatile global economy requires businesses to make the best use of resources while delivering superior products and services.

The businesses that thrive are investing in ways that not only meet today's goals, but also position them for competitive advantage.

Netcat Technology Solutions is uniquely placed to assist our customers and provide superior IT services and Advisory.

Our strengths lies in our team of highly trained and motivated staffs as well as established strategic partnerships.

We have trusted Original Equipment Manufacturers (OEMs) and Vendors in the industry as our partners. To this end we are proud to hold some of the most advanced technology certifications which sets us apart from the competition.

I would therefore like to also take this opportunity to thank our customers for their enduring loyalty to Netcat Technology Solutions, our partners for continuing to collaborate with us and each one of our staff for their unwavering commitment to excellence.

From The Ceo...

Our Mission

To provide quality IT solutions, deliver cost effective and reliable ICT services to our customers. To over deliver and provide the right solutions that exceeds the client's expectations and meets their technical challenges and business demands.

To help customers progress in business with our solutions.

Vendor Relationship

We work with Vendors who value channel partnership and are leaders in their vertical markets. We have carefully selected vendors who add value, revenue and profitability to our customers businesses.

With emerging technologies such as Cloud , Data Center , cyber-security, Artificial Intelligence, Internet of Things, end-point security and Software Defined Networking (SDN), we bring in vendors who are focused and specialized in their respective Technologies.

Netcat Technology Solutions has eye on the future of technology market. You are in the right place.

Value Added Distribution

We provide sales, technical, and logistics support to enhance the businesses of our customers. Furthermore, through extensive training, road shows, webinars, conferences, white papers and regular product marketing, Netcat Technology Solutions endeavors to bring to the technology market the latest and the most innovative IT solutions from leading vendors to add value for both our customers and the End Users.

Integrity and loyalty to our partners, vendors and customers makes up our Core Values. We help customers to maximize their revenue by ensuring that projects are delivered quickly, efficiently and on time.

Our Staff

Our success and growth is due to our long serving 15+ loyal staff with experience and dedication over the years. We have dedicated channel account managers complimented by a dynamic, committed and reliable logistics, finance, marketing, technical and training team.

Our strong team of dedicated employees consists of certified technical engineers, sales specialists, support engineers and customer service agents that are always willing to assist and provide expert advice from consultancy, network design, tendering, pre-sales and after Sales support. We ensure that every effort is made so that our partners have a hassle free experience.
